EDEN PRAIRIE, MN 55344

Driver/Owner: ACCPI - 9-ACCPI - ACCPI - ACC-MOTOR
VEHICLE PERSONAL INJURY - Case was Exceptionally
Cleared

On 07/06/2023 hours, officers were dispatched to a 911 hang-up/open line call near the intersection of Highway 7 and Beltline Blvd. Dispatch information indicated that there was an accident that led to the reporting party being assaulted. Officers ultimately met with all of the involved parties in a parking lot near the intersection of Lake St W and Market Plaza in Minneapolis.

* Throughout the course of investigation efforts, the following is what was learned regarding the accident which was ultimately discovered to have taken place in the Eastbound lanes of Highway 7 at the intersection of Blake Rd N:

* Unit 1 was stationary in the left of the two straight lanes to proceed Eastbound on Highway 7.

* The driver of Unit 1 advised that he was on the phone with his wife, via Bluetooth.

* Unit 2 at the same intersection and same lane, directly behind Unit 1.

* The driver of Unit 2 alleged that he was struck by the vehicle directly behind him, leading to Unit 2 rear ending Unit 1. Officers determined that the driver of Unit 2's allegation of being struck by another vehicle to be unfounded based on there being no damage to the said other vehicle, as well as the damage to the rear of Unit 2 appearing to be pre-existing.

* Unit 1 had minor damage to its rear bumper, and Unit 2 had minor damage to its front bumper.

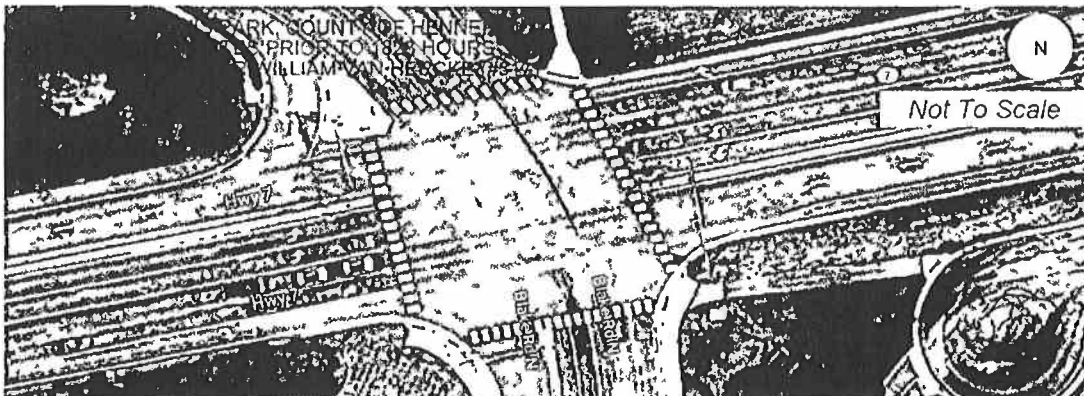

* The driver of Unit 1 and the driver of Unit 2 exchanged information on scene.

* The driver of Unit 1 alleged to have experienced whiplash from the accident, and later went to Allina Health WestHealth in Plymouth to be treated, and was told that he had experienced minor whiplash. This information was received after clearing the preliminary scene.

* The driver of Unit 2 alleged to have neck pain from the accident, but it was unclear to determine if this would have been from the assault that took place, or both.

* Witness 1 and Witness 2 observed the vehicle in front of her slowly roll into the rear of the vehicle in front of it. Witness 1 was in the vehicle that the driver of Unit 2 alleged hit him. It was noted to officers that in between their vehicle and Unit 2, there was approximately a 10 foot gap.

It should be noted, there are some discrepancies regarding if the collision occurred at Highway 7 and Blake Rd N, or Highway 7 and Texas Ave S. Later in the evening during a phone call with the driver of Unit 1, he advised that the collision took place at Highway 7 and Blake Rd N. The driver of Unit 2 was unable to clearly explain where the collision occurred, however trusted the driver of Unit 1's response. While on scene, the driver of Unit 2 did show me an area near Knollwood Mall (close to both intersections).

1 CAR PD ACCIDENT

Other

DYEMIN, NIKOLAY

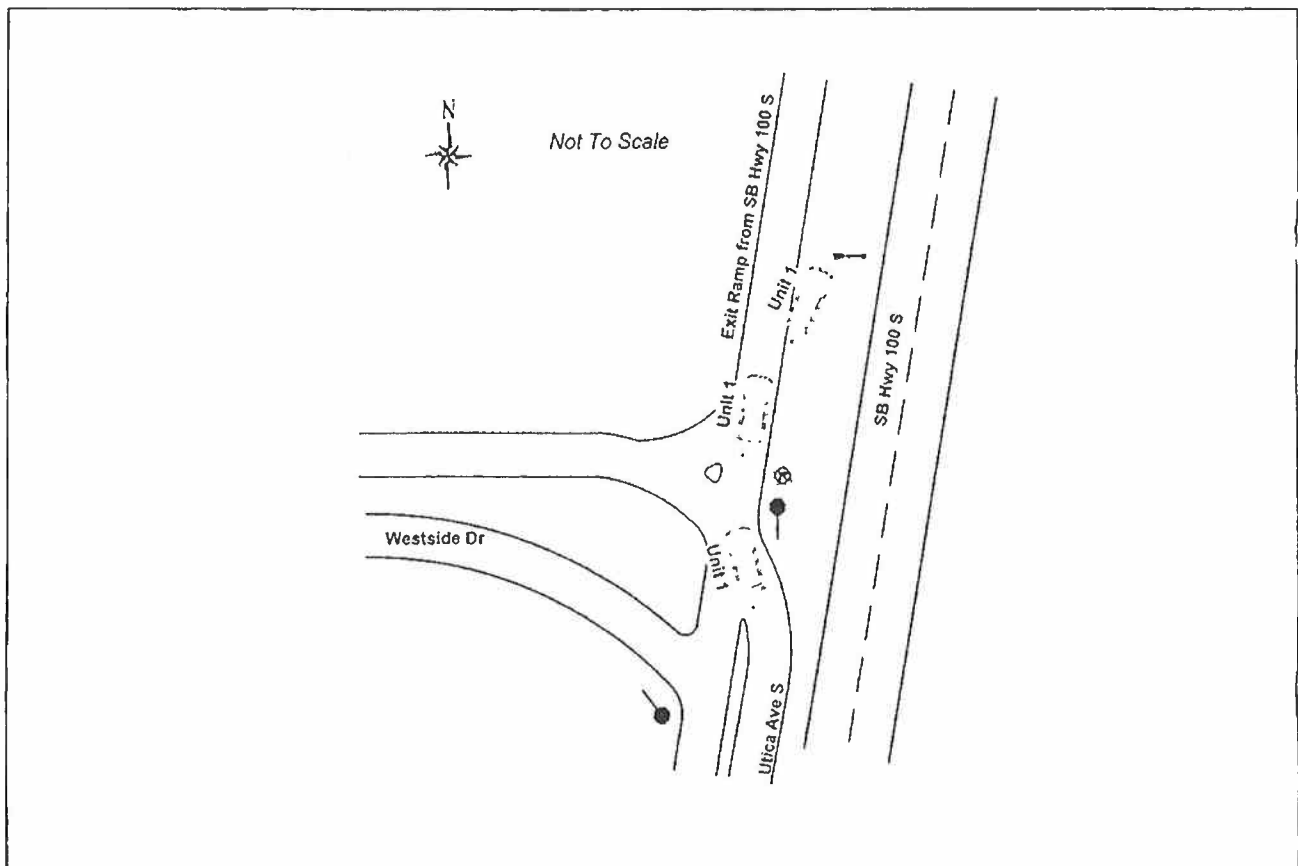

Male, DOB 7/28/46

450 FORD RD UNIT 110

ST LOUIS PARK, MN 55426

Driver/Owner: ACCPD - 9-ACCPD - ACC-MOTOR
VEHICLE PROPERTY DAMAGE - Case was
Exceptionally Cleared

Unit 1 was traveling NB on Utica Ave S approaching Westside Dr. At the intersection Unit 1 continued NB up the wrong way of the one-way exit ramp from Hwy 100 SB and collided with the cement base of a light pole. The driver of Unit 1 was later found confused and disoriented in a nearby business and couldn't explain why he was going the wrong way up an exit ramp. No damage was caused to the base of the light pole and no other vehicles were involved. Driver 1 did not appear to be injured. Unit 1 was towed to our impound lot by Bobby & Steve's Towing.

BROOKLYN PARK, MN 55443

Driver/Owner: ACCPD - 9-ACCPD - ACC-MOTOR
VEHICLE PROPERTY DAMAGE - Case was
Exceptionally Cleared

Vehicle 1 was turning into a handicapped parking spot on the south side of 5775 Wayzata Blvd. Driver 1 was attempting to hit the brake pedal when her foot slipped and pushed on the accelerator. Vehicle 1 struck a temporary electrical utility box directly near the parking lot. Driver 1 stated sparks and flames started immediately. Vehicle 1 sustained moderate damage to the front of the vehicle. The electrical box started a fire of nearby landscaping and caused electrical issues for the entire building.

VEHICLE PROPERTY DAMAGE - Case was
Exceptionally Cleared

On 07/07/2023 at 2214 hours, I was dispatched to an accident of a vehicle vs a sign near the intersection of W 28th St and Jersey Ave S.

Upon arrival to the scene, I saw a street sign on the Southwest corner of the intersection bent over appeared to be hit. I met Unit 1 at their residence's a few blocks away. I spoke to the driver who stated they were traveling Eastbound on W 28th St when they saw a dog in the intersection. The driver turned around to go get the dog. Driver 1 got out of the vehicle to help get the dog and forgot to put their manual vehicle parking break on and the vehicle rolled down into the sign. There was minor damage to Unit 1 and appeared to be no damage to the sign.

Yellow tag was placed on the sign.

Driver/RO of vehicle 1 stated he was traveling southbound on Louisiana Ave S and Lake Street when the right side of his vehicle was sideswiped by vehicle 2. Driver 1 stated he was traveling in the left traffic lane, going through the roundabout and vehicle was in the right traffic lane. The accident occurred because driver 2 attempted to merge into the left traffic lane.

Driver/RO of vehicle 2 stated he believed he had enough space to merge into the left lane.

No injuries were reported on scene and neither vehicles were towed.

VEHICLE PERSONAL INJURY - Case was Exceptionally
Cleared

On 07/13/2023 at 1641 hours, I was dispatched to a property damage accident that had occurred on Park Center Blvd, in between Lunds & Byerlys (3777 Park Center Blvd) and Targer (3601 Highway 100 S).

Upon arrival, I observed Unit 2 partially blocking the Westbound traffic lanes on Park Center Blvd and facing Southbound. Unit 1 was directly West of Unit 2, parked in the left lane. Unit 1 had moderate damage to its front passenger side, and Unit 2 had moderate damage to its front. Neither drivers claimed to have injury, however toward the conclusion of my investigation, the driver of Unit 1 advised that she was experiencing neck and head pain. The driver of Unit 1 denied further medical assistance and just wanted it to be noted.

Throughout my investigation, I learned the following in summation:

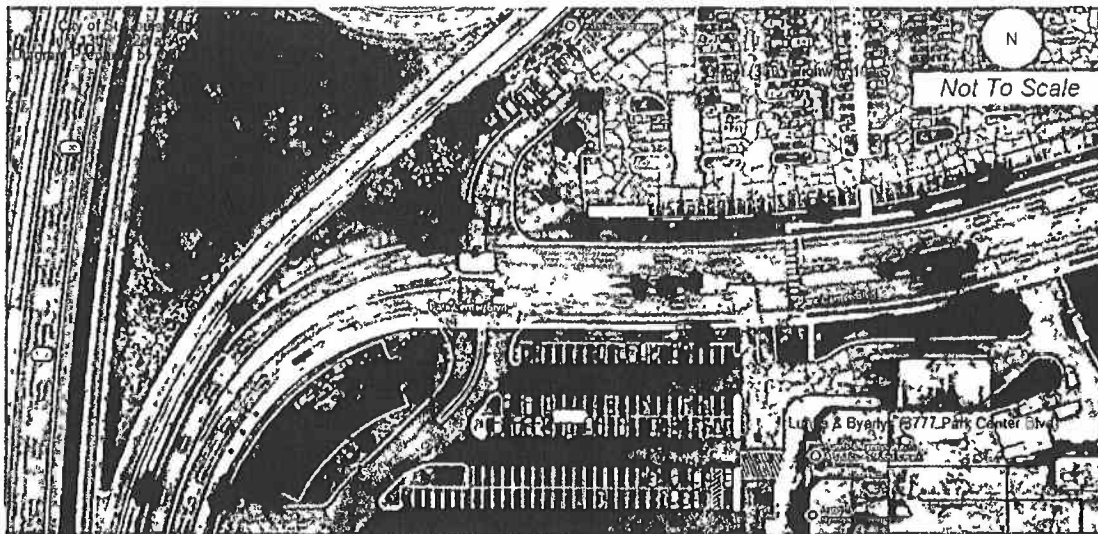

- * Unit 1 was travelling in the left of the two lanes, proceeding Westbound on Park Center Blvd.

- * Unit 2 was at the stop sign leading from the Target parking lot, where she was planning to proceed Southbound to the Lunds & Byerlys parking lot, directly across from her.

- * Unit 2 believed that she could make it across, despite cars reportedly travelling on both sides of Park Center Blvd, and ultimately collided with Unit 1. The driver of Unit 1 also indicated to me on scene that the driver of Unit 2 had made mention about believing that she could have made it across the roadway as well.

Both the driver of Unit 1 and Unit 2 were provided with my business card with this report's case number, as well as an accident information exchange form.

It should be noted, the bumper to Unit 2 was stuck underneath the vehicle, initially making it immobile, prompting Bobby & Steve's to be dispatched to tow it. However, upon their arrival, they were able to remove the bumper and other debris from the vehicle and it was able to drive.

On 07/15/23 at approximately 2146 hours, Officers were dispatched to the report of a personal injury crash at the intersection of Duke Dr and 16th St W in St. Louis Park. Upon arriving, I located unit 1 bearing the MN registration of PEW867 facing northbound in the left turn lane. I observed that Unit 1 appeared to have rear ended unit 2 as there was moderate/disabling damage to the front of unit 1 and moderate/functional damage to the rear of unit 2. I spoke with the driver of unit 1 and was informed that she had just received a hard phone call so she was crying while driving. Driver 1 stated that upon approaching the four way intersection, She thought that unit 2 was going to proceed through the intersection after stopping at the stop sign. However, unit 2 had not yet proceeded through the intersection, due to driver 1 crying, she stated she was not really paying attention and ended up rear ending unit 2.

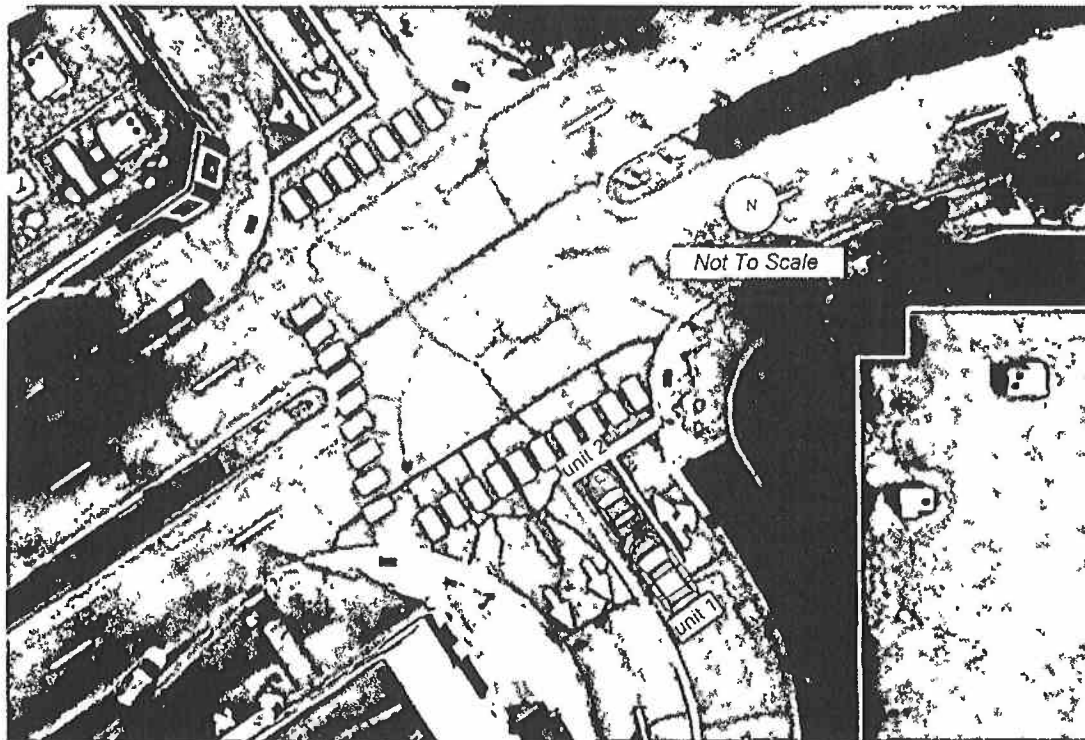

Driver 1 was wearing a seatbelt, there was no airbags deployed, and she claimed no injuries.

Driver 2 stated that she was having head and neck pain and was transported to a hospital by HCMC.

the passenger inside of unit 2 stated that she has had back pain and arthritis for years but did not seem to claim any new injuries.

Unit 1 was towed by/to Bobby and Steves due to disabling damage.

Unit 2 was driveable and was released from the scene.
